Frequently Asked Questions

1. Is it required to have someone participate with me?

Yes. Studies – and human nature – show execution and accountability increase when working as a team. You will derive greater benefit from participating with a team member, e.g., fellow partner, manager, firm administrator or marketing professional.

2. What if I miss a group webinar?

To optimize your investment, we encourage attending all sessions. However, managing partner schedules are complex and demanding. All group webinars will be recorded for your viewing on demand. Additionally, we will arrange targeted follow-up interactions with key members of the group where collaboration will add value to both firms. Our goal is to make this program integrate into your schedule as best as possible.

3. What if I miss a coaching call?

Similar to the group webinars we realize there may be times when a private coaching call will need to be rescheduled. Every effort will be made to reschedule calls with respect for each person's availability and convenience.

4. Will the Capstone Community members know each other or is membership confidential?

One of the benefits of Capstone Community membership is your peer group. Members will know each other and are encouraged to share ideas during and after the programs.
